GAMIFIED ALBUM APPLICATION DEVELOPMENT, LICENSING & REVENUE SHARE AGREEMENT

Artist-First Non-Exclusive Interactive Album Partnership | 100% Artist Copyright Retention

This Agreement is entered into as of _____, 2026 (the "Effective Date"), by and between:

1. DEVELOPER: Digital Dads LLC (d/b/a One Shelf Studio), represented by Ryan Bedisee (ryanb@digital-dads-llc.com); and
2. ARTIST: Ethan Correa, p/k/a "No More Illusions" (nomoreillusionsofficial@gmail.com),
   individually and as authorized representative on behalf of the musical project/band No More Illusions ("Artist").

ARTIST IP OWNERSHIP	LICENSE STRUCTURE	DEV & UPDATE COST	NET REVENUE SPLIT
100% Retained	**Non-Exclusive**	**$0 Out-of-Pocket**	**50% / 50% Split**
Masters, publishing & art stay yours	100% safe for Spotify & labels	Free ongoing song & theme updates	Ads + IAP with AdMob verification

1. PURPOSE & SCOPE OF COLLABORATION

[1.1 Project Overview] Developer has engineered a proprietary rhythm-action mobile game engine and interactive album platform. The Parties wish to collaborate to release a customized mobile game application (the "App") branded for Artist, in which players play through interactive rhythm and obstacle-dodge stages synchronized to Artist's musical tracks to unlock Artist's songs, album showcase cards, and direct social/streaming links.

[1.2 Zero Out-of-Pocket Cost to Artist] Developer shall perform all software engineering, custom visual/sprite theming, beat-sync programming, audio loudness mastering, quality assurance, app store publishing, and ongoing content updates at Developer's sole expense. Artist shall never be billed or charged any upfront, development, hosting, or maintenance fees.

2. ARTIST OWNERSHIP, SAFETY & INTELLECTUAL PROPERTY PROTECTIONS

[2.1 100% Retention of Artist IP] Artist retains one hundred percent (100%) of all right, title, and interest, including all copyrights and trademarks, in and to Artist's master sound recordings, musical compositions, lyrics, publishing rights, cover artwork, logos, band name ("No More Illusions"), and likenesses (collectively, the "Artist Content"). Nothing in this Agreement transfers or assigns any ownership interest in the Artist Content to Developer.

[2.2 Non-Exclusive License Grant] Artist grants Developer a revocable, NON-EXCLUSIVE, worldwide, royalty-bearing license during the Term solely to: (a) embed, reproduce, and play the Artist Content inside the App; and (b) display Artist's name, logo, and approved artwork on the Google Play Store, Apple App Store, and promotional previews strictly to market the App.

[2.3 Complete Freedom for Streaming, Sync & Record Labels] Because the license granted in Section 2.2 is strictly non-exclusive, Artist retains the unrestricted right to distribute, monetize, license, or pitch the Artist Content on all streaming platforms (Spotify, Apple Music, YouTube, TikTok, Amazon Music, Bandcamp, etc.), physical media, live performances, sync licensing, or to any record label or publisher without requiring Developer's consent and without sharing any outside streaming, publishing, or label revenue with Developer.

[2.4 Strict Prohibition on AI Training & Unauthorized Alteration] Developer expressly covenants and agrees that Artist Content shall NEVER: (a) be used to train, fine-tune, clone, or feed any artificial intelligence (AI) or machine learning voice/music generation model; (b) be sold, sublicensed, or distributed as standalone audio or image files to any third party; or (c) be remixed, edited, or altered outside of broadcast loudness normalization (-14 LUFS) and approved in-game beat synchronization without Artist's prior approval.

[2.5 Developer Ownership of Game Engine] Developer retains 100% of all right, title, and interest in and to the underlying software source code, game physics engine, UI frameworks, and developer tools (expressly excluding Artist Content).

3. DEVELOPER OBLIGATIONS & ONGOING CONTENT UPDATES

[3.1 Initial Customization & Launch] Developer shall customize the App's color palette, ambient visualizers, hero/obstacle sprites, beat-synced orb events, and interactive Album screen using the Artist Content, and publish the App to the Google Play Store (and other mutually agreed platforms).

[3.2 Ongoing Content Updates at Artist's Request] Throughout the Term, Developer agrees to update the App with new singles, EPs, album tracks, updated cover artwork, social/merch links, or visual themes as requested by Artist at NO CHARGE, funded entirely through the fixed revenue split defined in Section 4. Developer will use commercially reasonable efforts to implement requested track/content updates within fourteen (14) days of receiving the new assets from Artist.

[3.3 Brand & Ad Safety Standards] Developer shall configure Google AdMob controls for the App to block sensitive and brand-unsafe advertising categories (including adult content, gambling, predatory financial products, and political campaigning) and maintain full compliance with Google Play and Apple App Store privacy and safety regulations.

4. REVENUE SPLIT, ACCOUNTING & ADMOB TRANSPARENCY

[4.1 Fixed Revenue Split] All Net Revenue (defined below) generated directly by the App shall be divided at a fixed equal split between the Parties: (a) ARTIST SHARE (No More Illusions): Fifty Percent (50%) of Net Revenue; and (b) DEVELOPER SHARE (One Shelf Studio / Digital Dads LLC): Fifty Percent (50%) of Net Revenue.

[4.2 Definition of Net Revenue] "Net Revenue" means all gross revenue actually received by Developer from the App's dedicated monetization IDs, consisting of: (a) In-App Advertising Revenue generated via Google AdMob (Banner Ads, Interstitial Ads, and Rewarded "Watch Ad to Revive" Video Ads) specifically tied to the App's dedicated AdMob App ID and Ad Unit IDs; and (b) In-App Purchase (IAP) Revenue generated from user purchases of individual tracks, point packs, or full-album unlocks inside the App, less only standard platform transaction fees deducted at the source by Google Play or Apple (typically 15%) and mandatory customer refunds.

[4.3 Direct AdMob / AdSense Verification & Isolation] Developer shall assign dedicated, isolated Google AdMob Ad Unit IDs and Google Play Billing SKUs exclusively to Artist's App so its earnings are never commingled with any other application. Developer shall provide Artist with shared read-only reporting verification or official monthly CSV/PDF earnings exports directly from Google AdMob and Google Play Console so Artist can independently verify every impression, click, unlock, and dollar earned.

[4.4 Monthly Payout Schedule] Developer shall remit Artist's share of Net Revenue on a monthly basis within fifteen (15) days after the end of each calendar month in which Google AdMob / Google Play disburses funds (subject to Google's standard $100 payout threshold), via Artist's preferred payment method (ACH, Zelle, PayPal, or Venmo).

5. ARTIST WARRANTIES & INTERNAL BAND SPLITS

[5.1 Originality of Artist Content] Artist represents and warrants that Artist is the creator and/or authorized owner of the Artist Content provided to Developer, and that the Artist Content does not infringe any third-party copyright (such as uncleared samples or unauthorized covers). Where Artist performs as a group or band, the signatory below represents that they are authorized to enter this Agreement on behalf of No More Illusions, and Artist shall manage any internal division of the Artist Share among bandmates or co-writers.

6. TERM, TRACK REMOVAL & TERMINATION SAFETY VALVE

[6.1 Ongoing Term] This Agreement begins on the Effective Date and continues on a month-to-month basis until terminated by either Party in accordance with this Section 6.

[6.2 Right to Remove or Swap Individual Tracks] Artist may request at any time in writing (including via email) that Developer remove, replace, or update any specific song or piece of artwork in the App. Developer shall complete such removal or replacement within seven (7) business days.

[6.3 No-Fault Termination (Label / Career Flexibility)] Either Party may terminate this Agreement at any time and for any reason -- including if Artist signs an exclusive record label or distribution deal requiring the App to be taken down -- by providing thirty (30) days' written notice via email to the other Party.

[6.4 Effect of Termination] Upon the effective date of termination: (a) Developer shall unpublish the App from all app stores and cease all use of the Artist Content; (b) all licenses granted by Artist immediately revert to Artist; and (c) Developer shall pay out all remaining Net Revenue accrued through the date of removal in the next monthly payout cycle.

7. LIMITATION OF LIABILITY & GENERAL PROVISIONS

[7.1 Independent Contractors] The Parties are independent contractors. This Agreement does not create a partnership, joint venture, employment, or exclusive management relationship.

[7.2 Limitation of Liability] Except for breaches of Section 2 (Artist IP Ownership & AI Prohibition) or willful misconduct, neither Party shall be liable to the other for any indirect, incidental, or consequential damages, and each Party's total liability under this Agreement shall not exceed the total Net Revenue earned by the App during the twelve (12) months preceding the claim.

[7.3 Entire Agreement & Electronic Signatures] This Agreement constitutes the entire understanding between the Parties regarding the App and may only be amended in writing signed (including via email confirmation or electronic/PDF signature) by both Parties.

IN WITNESS WHEREOF, the Parties have executed this Gamified Album Application Agreement as of the Effective Date.
